NZ SILVER FERN RALLY

27 November – 4 December 2026

Rotorua: 27th - 29th November **Gisborne:** 30th November
Hastings: 1st December **Palmerston North:** 2nd December
Ohakune: 3rd December **Rotorua:** 4th December

Book 2: Legs 4-7

Another high performance event from the Ultimate Rally Group

silverfernrally.co.nz URG | ULTIMATE RALLY GROUP

27th Nov – 04th Dec 2026

NZ SILVER FERN RALLY

Important Information for Competitors

- **Silver Fern 2026** is an event run on public roads which are closed for competition purposes. The roads were not necessarily designed to cater for competition as a racetrack would be, and crews are therefore advised to treat the entire course with caution. Guardrails, fences, barriers and banks or verges must not be relied on to prevent a vehicle leaving a roadway and unanticipated hazards must always be kept in mind.

- All care has been taken to highlight in the Road Book any hazards. It is important however to understand that "The Event" was plotted, and checked in a road car at legal speeds, using only the left-hand side of the road.

- **DO NOT treat instructions (tulips) as "Pace Notes".**

- **CAUTIONS** have been placed in the Road Book where it is considered that a situation may cause additional driver difficulty, HOWEVER the ultimate responsibility is for the competitor to drive in a manner that reflects the road conditions at the time, as well as their own ability, and the ability of their vehicle. Land transport and AA "Road Speed and Condition" advisory signs **should also be considered and treated as a caution** when competing on the course.

- Drivers must always be aware that roads can become quite bumpy, especially at speed, and that rivers can run along the edge of stages. Please take this into account when competing.

- To avoid severely shortening several stages many **"FLYING FINISHES" have been cautioned** due to a short stopping distance, downhill, and/or corners between the flying finish and control ***PLEASE TREAT THESE WITH DUE CAUTION!***

Accident Procedure

Please be familiar with the Electronic and Manual procedures. See below a couple of these points.

NON INJURY – MECHANICAL BREAKDOWNS

If it is necessary to stop in a stage for any reason, please ensure that you place your warning triangle out to warn oncoming cars and show them the OK sign. When placing your triangle do so to ensure there is **sufficient warning,** i.e. not just around a corner, place at the end of a straight instead.

If you are still on or near the road, use your Hazard on the RallySafe Unit.

INJURY

- If you require urgent medical assistance, place the triangle, use the SOS on the RallySafe unit and show the SOS sign.
- The next car will stop and assess requirement. Sufficient cars to assist are also to be stopped – use the SOS to do this, both Sign and RallySafe.
- Always have someone stay near a car so Rally Base can communicate with the scene through the RallySafe Unit.
- When sufficient cars are stopped then place someone with the OK sign at the warning triangle and show OK on the RallySafe.
- When details are available, one car is to proceed in the rally direction with a report.
- They are to go to the **STOP CONTROL, COMMUNICATIONS POINT, or FIRST AID POINT.** These points are specified in the Road Book as marked at the appropriate Tulip.
- At the **STOP CONTROL** ask for the **POST CHIEF** and they will pass information to BASE.
- Always keeps someone with your car so you can answer questions on the RallySafe Unit from Base.
- At a **COMMUNICATIONS POINT** go to the house or marshal and use the telephone to contact BASE direct (0800 827 427).
- NB: it may be possible to contact BASE by your own mobile along the stage, but keep in mind that remote stages will predominantly be out of coverage.
- When phoning please **contact BASE by the 0800 827 427 number**. Please **DO NOT** dial 111, as BASE needs to co-ordinate the emergency.
- BASE will then take over management of the situation.

RED FLAG

If you receive a message on your RallySafe to advise the stage is WHITE or if you come to a Communications or First Aid point an there is a Red Flag shown (either with a person or on the road), **stop racing immediately**. This indicates an incident further on in the stage. You will be required to tour to the end of the stage. An assessed time will be given, but it would help if you can also fill out an Inquiry Form and hand to the CRO.

Information For Competitors

Road Book & Service Book Instructions:

- **Instructions are pre-dominantly** in the form of **"Tulips",** along with distances and additional written clarification or road signage.

- **Only** "obvious" intersections, or road signage are shown in the Road Books. **i.e. Not *ALL* intersections are shown in the road book (both in Touring & Stages).**

- Maps of **SERVICE STOPs** are included in the Road Book and Service Book. **Competitors should use these** in conjunction with the "Tulip" instructions.

- Competitors and Service Crews would be advised to carry maps of the areas, either electronically or purchased Area Maps.

All this information ***IS IMPORTANT***
& needs to be read & understood by
Competitors, along with the **Event's Supplementary Regulations**

Cautions:

The Organisers have endeavoured to warn competitors of possible hazards, throughout the course.

Please also read the "Stage Description" that has been included in the Road Book at the start of each stage.

Cautions have been graded as:

One Caution	**!**
Two Cautions	**!!**
Three Cautions	**!!!**

The higher the number of cautions, the greater the severity!

Triple Cautions have generally been placed where a sheer drop or water occurs at the edge of the road, around a corner, or over a river crossing.

Where a **short stopping distance** and **or corners** occur between the **Flying Finish and the Stop Control**, these have been cautioned. Please **TREAT WITH CAUTION.**

Don't put the Finish Marshals at risk!

- Please regard all Land Transport and AA road condition and advisory signs, **as Cautions.** Where these exist along the route, they are generally not included in the road books.

- All single lane bridges are shown as a tulip on the special stages.

Timelines:

- **With 1-minute starts,** please assist the start controls by not blocking the access way for late arriving competitors. Please then move up quickly into the "Control Zone" to start the stage when required.

- At the end of each stage at the Stop Control, remember the next car behind may be less than 1 minute. Where practical when waiting to receive your time, move forward past the Control, to allow for additional stopping distance for the following competitor.

- No Competitor is to arrive within 500m of a control (except for Re-Groups), more than 5 minutes before their DUE report time, unless specifically requested by the Event Organisers.

- Please keep in mind that gaps do happen in front of you and we will need to close these up for safety reasons. You may be specifically invited into a stage time control early by an Official; in this case no penalty will apply.

General:

If you have any queries or timing concerns, **see the CRO at the LUNCH STOPs**.

Please use the "Timing Inquiry Sheet", for timing inquires.

For timing inquiries, we rely on the electronic results not the Timecards. Timecards are primarily for your information. Please check the official results (if practical) first before submitting a "Timing Inquiry Sheet".

Servicing:

Servicing within the event maybe carried out anywhere on a road section except those areas designated in the Road Book, Maps and Service Books as NON-SERVICE areas.

When servicing on a roadside you are to ensure that two-way traffic always remains available. Unless within a signposted highway rest area, no roadside servicing is to be undertaken in an area where the roadway is marked at the centre line with yellow no passing lines.

There is to be no servicing within 250m of a Start or Finish or on Main / State Highways.

Dedicated Service Stops are described in maps, written notes, and tulips in the Road Books.

Your Service Vehicle MUST have a window identification plate to enter the Service Park. Extra vehicles can be registered with the Event for $350 – See the Silver Fern website for the registration form or the Secretariat at Start, Lunch or End of Day.

- Please, when entering a **SERVICE STOP, DO NOT block the entrance.** At times these designated SERVICE STOPS have only one narrow entry & exit point.
- **CLEAN UP YOUR RUBBISH** and dispose of it properly, do not drop oil and litter.
- The service time as noted in the instructions, **is a guide only** and will vary for each competitor. With the events "A to B" timing, a slower competitor can expect to have less time for servicing, than a faster competitor. The amount of servicing will also be affected by any hold ups in the touring stages. It is the competitor's responsibility to calculate their available service time and their touring time to the next Stage.
- LUNCH & SERVICE STOPS are **Re-Groups, these may be shortened,** if necessary, if the event starts to run late. You will be given a "time to the next stage" (due report time) on arrival at the lunch regroup time control. It is the competitors' responsibility to calculate how much service time is available after allowing for the recommended travel time, so that you report at the stage on time.
- Competitors may only leave the designated Overnight Parc Ferme with written permission from the Clerk of the Course/Chief Scrutineer or his/her appointed delegate e.g. CRO.
- **Groundsheets MUST be used under the vehicle at ALL SERVICE areas.**

Fuel:

Fuel is available along the route; however, it is the competitor's responsibility to obtain their fuel supplies.

No Service Station has been requested to stay open for competitors.

An indication of a Service Station in the Road Book does not necessarily mean that the Service Station will be open.

There are currently three suppliers of 98 Octane in New Zealand, BP, Mobil and Gull. To locate a Service Station, go to:

- www.bpfinder.co.nz
- www.mobilfuelfinder.co.nz
- www.gull.co.nz

Please note that it is the Competitors responsibility to ensure that they have sufficient fuel to undertake the event. Therefore, if you require fuel outside the scheduled refuel stops at the Lunch Service and End of Day Service then you will need to coordinate with your Service Crew or schedule a fuel stop at a Service Station on route which is permitted within the rules of the event.

RallySafe:

Please note that the RallySafe system is primarily used for vehicle tracking and timing for the event. It does have other built-in options that the crew can use to alert fellow competitors. These systems are there to complement standard rally protocols so please ensure you are familiar with the use of the road book signs and warning triangles. Specific RallySafe information will be provided separately later in the road book.

Important Phone Numbers:

Official	Name	Contact Number
Clerk of Course	Wayne (Barny) Barnard	027 434 1156
Competitor Relations Officer	Jim Scott	021 811 787

Official Notice Board & CRO

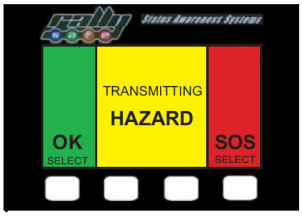

The Official Notice Board will be positioned with the Secretariat unless otherwise stated. Please note the Scrutineer may be called away please see the CRO if not in attendance. There is also a trial Official Notice Board online at www.silverfernrally.co.nz **Secretariat (Official Notice Board), Scrutineer & CRO will be located at:**	
Saturday 28th November – Leg 1	
Scrutineer, CRO & Secretariat	Start of Day: Lakeside Novotel Rotorua, Rotorua
CRO & Secretariat	Service & Lunch: Waitete Rugby Club, Te Kuiti
Scrutineer, CRO & Secretariat	End of Day: Lakeside Novotel Rotorua, Rotorua
Sunday 25th November – Leg 2	
Scrutineer, CRO & Secretariat	Start of Day: Lakeside Novotel Rotorua, Rotorua
CRO & Secretariat	Service & Lunch: Otorohanga Island Reserve, Otorohanga
Scrutineer, CRO & Secretariat	End of Day: Lakeside Novotel Rotorua, Rotorua
Monday 26th November – Leg 3	
Scrutineer, CRO & Secretariat	Start of Day: Lakeside Novotel Rotorua, Rotorua
CRO & Secretariat	Service & Lunch: Opotiki Primary School, Opotiki
Scrutineer, CRO & Secretariat	End of Day: Showgrounds Park & Event Centre, Gisborne
Tuesday 27th November – Leg 4	
Scrutineer, CRO & Secretariat	Start of Day: Showgrounds Park & Event Centre, Gisborne
CRO & Secretariat	Service & Lunch: Wairoa College, Wairoa
Scrutineer, CRO & Secretariat	End of Day: Mitre 10 Sports Park, Hastings
Wednesday 28th October – Leg 5	
Scrutineer, CRO & Secretariat	Start of Day: Mitre 10 Sports Park, Hastings
CRO & Secretariat	Service & Lunch: Dannevirke A&P Showgrounds, Dannevirke
Scrutineer, CRO & Secretariat	End of Day: Robertson Prestige International Speedway Pit area, Palmerston North
Thursday 29th October – Leg 6	
Scrutineer, CRO & Secretariat	Start of Day: Robertson Prestige International Speedway Pit area, Palmerston North
CRO & Secretariat	Service & Lunch: Taihape Rugby Club, Taihape
Scrutineer, CRO & Secretariat	End of Day: Ohakune Primary School, Ohakune
Friday 30th October – Leg 7	
Scrutineer, CRO & Secretariat	Start of Day: Ohakune Primary School, Ohakune
CRO & Secretariat	Service & Lunch: Ohura School, Ohura
Scrutineer, CRO & Secretariat	End of Event: Lakeside Rotorua Novotel, Rotorua

Enjoy the roads and beautiful views of the North Island.

SAFETY & EMERGENCY PROCEDURES

STOPPED OFF ROAD, ALL O.K.

Push O.K., get out of vehicle with safety triangle and road book
Position safety triangle up the road and display O.K. from road book to following competitors

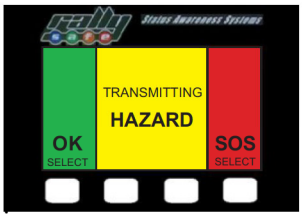

WHAT YOU SEE WHEN YOU STOP
Push "OK"

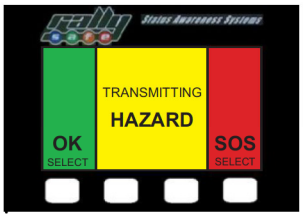

SCREEN WILL NOW SHOW THIS

STOPPED ON ROAD, ALL OK

Push HAZARD, get out of vehicle with safety triangle and road book
Position safety triangle up the road and display O.K. from road book to following competitors as you slow them down to avoid more damage

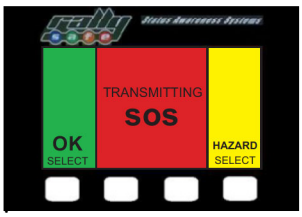

WHAT YOU SEE WHEN YOU STOP
Push "TRANSMITTING HAZARD"

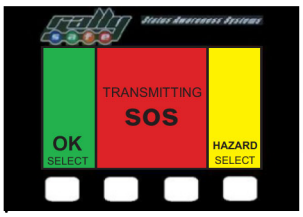

SCREEN WILL NOW SHOW THIS.
You can Upgrade or Downgrade at any time by pushing "OK" or "SOS"

STOPPED ON or OFF ROAD, NOT OK

Push "SOS", get out of vehicle with safety triangle and road book if possible.
Position safety triangle up the road and display SOS from road book.
STOP the Following Competitor. They will supply assistance as required, and stop the next competitor to send a message to the next radio point, as per the Motorsport Manual

WHAT YOU SEE WHEN YOU STOP
Push "SOS"

SCREEN WILL NOW SHOW THIS.
You can Upgrade or Downgrade at any time by pushing "OK" or "HAZARD"

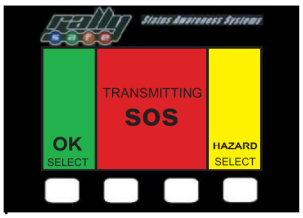

Note: The Screen will not change when you push "SOS", but HQ will be aware that you have manually requested help as well as the automatic activitation

FOLLOWING COMPETITOR TO AN "SOS" ACTIVATION

If you are the next competitor to an incident where an "SOS" has been activated you will see this on your screen

WHAT YOU SEE WHEN YOU ARE ARRIVING AT SCENE

SCREEN WILL NOW SHOW THIS WHEN YOU STOP.

Stop and assess the situation, Push YOUR "SOS" if necessary to confirm the requirement for help, and render assistance.

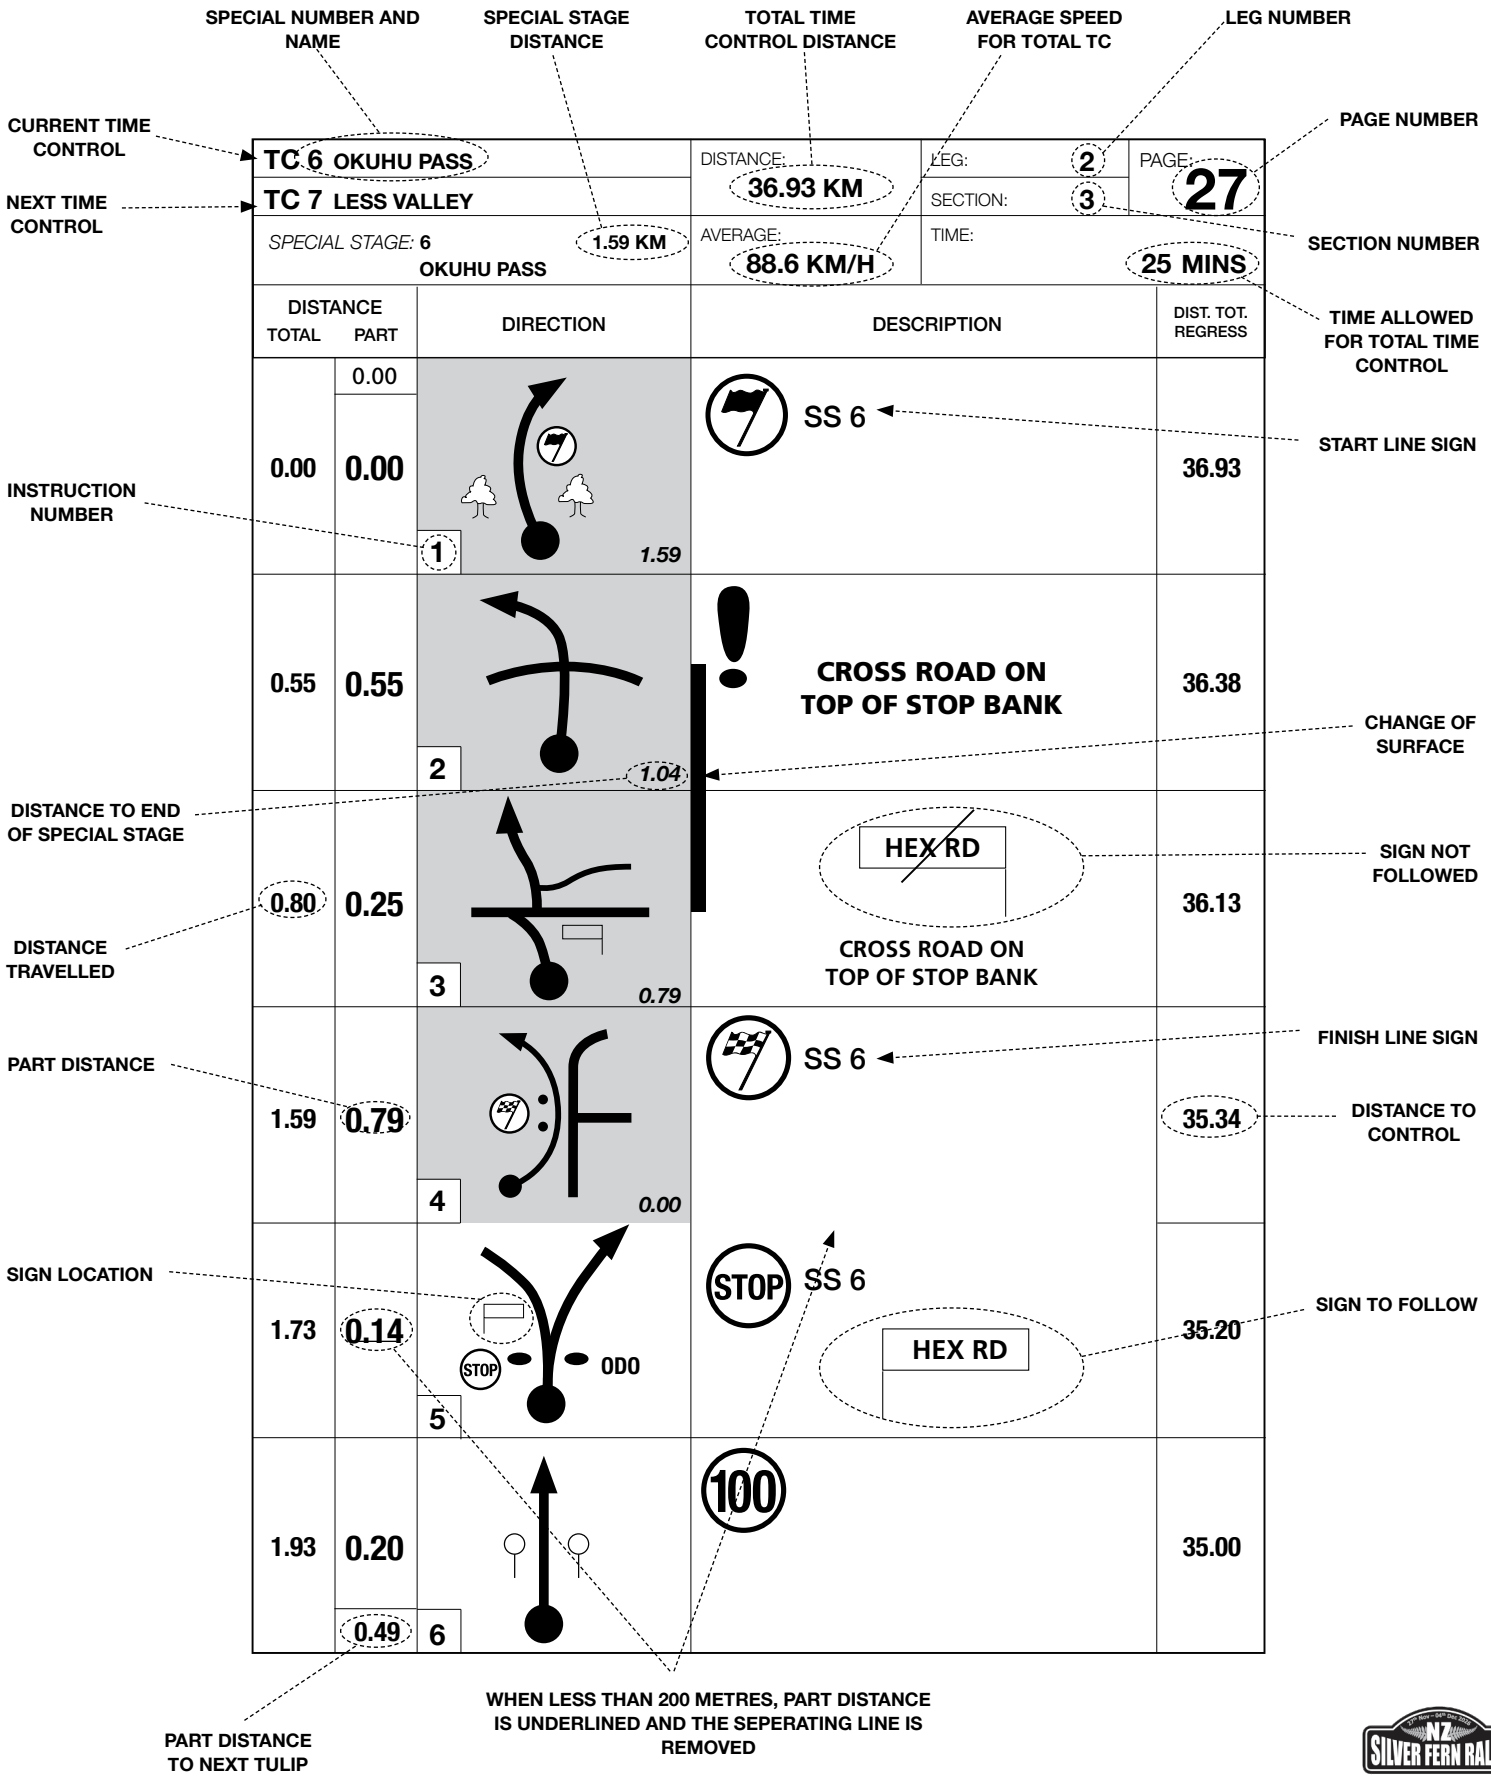

ONE crew member will need to stay with this Rallysafe unit if practical as HQ may ask a series of questions that will require an answer from the unit by pushing the appropriate buttons.

Stop the following Car and send them on to the next radio point with details of the incident and help required

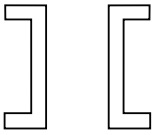

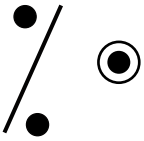

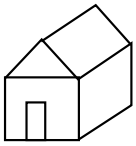

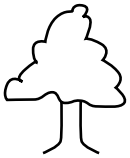

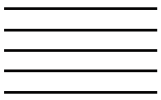

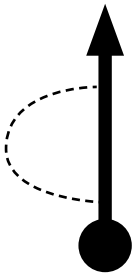

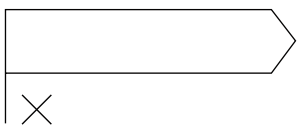

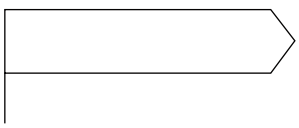

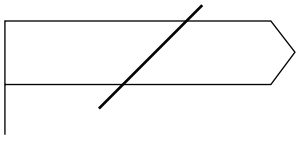

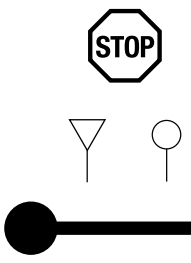

NOTE: HQ will generally only act on upon a second manual activation of the SOS from the following car.

If anything alters you can upgrade or downgrade the notification at anytime by pushing "OK" or "Hazard" or "SOS

Stage	SS36 Zigzag / Ridge Road
Touring to this Stage	28.37km
Stage Length	34.21km
First Car Start	8:30
Stage Description	Welcome to day 6 and the first of six stages today. The residents here love motorsport so there should be plenty of spectators along the roads watching for mistakes so stay focused and enjoy the start and reason it is called Zigzag Road.

Stage	SS37 Peep-O-Day / Waipuru Road
Touring to this Stage	43.62km
Stage Length	28.79km
First Car Start	9:55
Stage Description	We had to move the start 7 kms in due to a local farmer concern so please be respectful when touring. We also changed the finish to avoid a deer farm. The best has still been retained with seven cautions all the same as the road is deceptive so take care and enjoy.
